# “What’s My Rule?” with Blocks

**Family Note**

Your child will complete the tables on this page by drawing tens and ones for 2-digit numbers. More than one picture can be drawn for a number. For example, to show 26, your child might draw 2 tens and 6 ones, 1 ten and 16 ones, or 26 ones. The symbol  $\mid$  stands for 10, and the symbol  $\cdot$  stands for 1.

*Please return this Home Link to school tomorrow.*

1. Draw simple pictures of base-10 blocks to complete the table.

**Rule**

Add 12

In	Out	Out in a Different Way
...	$\mid$ .....	.....
$\mid$	$\parallel$ ..	
$\parallel$ .....		
$\parallel$ .....		

2. Write the rule. Then complete the table.

**Rule**

In	Out	Out in a Different Way
$\parallel\parallel\parallel$ ...	$\parallel\parallel\parallel$ .....	$\parallel\parallel\parallel$ .....
$\mid$ .....	$\parallel$ .....	$\mid$ .....
$\parallel\parallel$ .		
.....
